Signature: _____ Date: _____

By signing and submitting this application, you are engaging in the Farmed Smart certification process and willing to share personal information needed to support the completion of the certification. This application will be reviewed and you will be contacted with a decision to move forward. If an audit proceeds, producer's current farming practices will be evaluated, not future practices. If you become certified, summarized information such as certified acres, miles of riparian buffers, and precision ag practices will be reported upon.
